

When you partner with **Tatvika**, you are choosing a legacy of honesty, transparency, and a relentless drive toward your success.

"We look forward to being the backbone of your journey"
- Director

VISION :

To establish Tatvika Logistics as a premier industry leader by developing a high-tech warehouse network across every strategic port. Founded on the pillars of transparency, integrity, and unparalleled operational excellence, we are committed to continuous innovation—setting new benchmarks in efficiency and customer satisfaction for the years ahead.

MISSION :

To be the most trusted logistics partner in India by consistently exceeding expectations. We commit to providing world-class port-based warehousing, driven by a culture of excellence, ethical practices, and a deep understanding of our customers' evolving needs.

WHAT WE DO :

"Beyond Storage. Strategic Solutions."

At Tatvika Logistics, we don't just offer space; we offer a competitive advantage. With a roadmap to cover every Indian port by 2035, we provide the stability of long-term partnership backed by the agility of advanced logistics technology.

OUR SERVICES :

NON BONDED WAREHOUSING

(3 LAKH + SQFT ALL OVER INDIA)
(2 ACRE OPEN YARD WITH BOUNDARIES)

Non-Bonded & General Warehousing

Tatvika Logistics provides versatile, non-bonded storage with both fixed and on-demand space models. We specialize in the expert handling of diverse industrial and commercial goods.

Core Storage Expertise

Polymers & Resins : PVC, LDPP, and HDPP.

Industrial Bags : Standard and Jumbo bag stacking .

Manufacturing & Retail : Box cargo and automobile accessories.

Textiles : Dedicated clean zones for cotton bales.

General Cargo : Tailored solutions for all inventory types.

Advanced Handling

We blend mechanical power with manual precision to ensure cargo safety:

Machinery : Forklifts and specialized equipment for heavy/palletized loads.

Skilled Labor : Expert teams for careful manual stacking and loading.

WHY CHOOSE US?

Scalability : Choose between permanent fixed areas or flexible seasonal scaling.

Specialized Care : Commodity-specific protocols for polymers and textiles.

Efficiency : Optimized layouts for rapid turnaround times.

FULLY CCTV COVERED WITH 24X7 SECURITY

We handle your cargo with the same care and vigilance as our own. Our warehouse is fully equipped with an integrated **24/7** video surveillance system, providing continuous, high-resolution recording of all internal and external operations. To ensure the highest standards of safety, we maintain a permanent security presence.

PACKAGING AND RE- PACKAGING SERVICES

Value-Added Packaging & Repackaging

Tatvika Logistics provides end-to-end packaging solutions to ensure your goods are retail-ready or transport-safe. We specialize in :

Custom Conversions : Seamlessly transitioning goods between Bulk Agro products and individual bag packaging.

Versatile Re-Packaging: Jumbo Bags to customized small bags (and vice versa).

Imported goods repackaged for domestic distribution standards.

Unitization : Professional Palletization and Box Packaging for secure transit.

Full Spectrum : Handling everything from heavy industrial materials to delicate retail cargo.

OPEN YARD FOR BULK, MACHINERY, EMPTY & LOADED CONTAINER STORAGE FACILITY

Open Yard : Facility for Bulk, Machinery & Project Cargo.

Tatvika Logistics operates a heavy-load-bearing open yard engineered for bulk commodities, oversized machinery, and specialized project cargo. Our reinforced facility ensures structural integrity for high-density equipment and heavy loads.

With a comprehensive fleet of heavy-lift machinery, we ensure the safe handling of challenging freight, including solar and wind energy components. From empty/loaded containers to massive industrial assets, we provide the space, security, and equipment for seamless operations.

Key Highlights :

Heavy-Load Engineering : Reinforced surfaces for high-density industrial assets.

Project Cargo Specialists : Dedicated zones for Solar, Wind, and Oversized machinery.

Advanced Fleet: Full range of heavy-lift handling equipment.

Container Management : Secure storage for both empty and loaded containers.

TRANSPORTATION FACILITY

50+ OWN TRUCK

Transportation Facility : Asset-Based Excellence

Tatvika Logistics is a premier asset-based provider, powered by an in-house fleet of over 50 heavy-duty trucks. By owning our assets, we eliminate brokers, guaranteeing vehicle availability and a single point of accountability—even during peak seasons.

We provide reliable local and long-haul road transport with a focus on timely delivery. Every vehicle follows a rigorous maintenance schedule and is operated by professional drivers, ensuring a logistics system built for maximum uptime and zero-compromise safety.

Transport Fleet Highlights:

50+ Owned Vehicles : Direct control for guaranteed capacity.

Local & National Reach : Seamless door-to-door delivery across all distances.

Maximum Reliability : Strict preventative maintenance for consistent performance.

Professional Drivers : Expert teams dedicated to safety and cargo integrity.

ALL TYPES OF HANDLING EQUIPMENT AVAILABLE (KALMAR, HYDRA, FORKLIFT, GRAPER, LOADER)

Our facility is powered by a comprehensive fleet of high performance handling equipments , ensuring that our team can handle even the heaviest or most complex loads. We utilize industry-leading Kalmar reach stackers for precision container stacking and Hydra cranes for versatile, heavy-lift maneuvers across the yard. From high-capacity forklifts for palletized throughput to specialized loaders and grapers for bulk material and scrap handling, Our equipments are maintained to meet the highest safety standards This diverse mechanical arsenal allows us to provide a truly multi-modal terminal experience, capable of transitioning cargo from ship, rail, or truck with unmatched speed and structural integrity.

LABOUR AVAILABILITY

We provide **all types of labour services 24/7, 365 days to support** smooth shipping and cargo operations. Our skilled workforce handles **labour cargo, box cargo, packing and repacking** with efficiency and care. We are experienced in managing **heavy and hazardous cargo**, following strict industry standards. For danger cargo, separate safety rules and procedures are followed with full compliance. **Safety is always our top preference**, supported by trained staff and proper safety equipment. We ensure **timely execution, disciplined operations, and reliable service** at all times. We are committed to delivering **safe , secure , and reliable cargo handling solutions**

OUR VALUABLE CLIENTS :

We view our clients not merely as customers , but as our long-term strategic partners whose success is closely tied to ours. Our portfolio spans a diverse range of industries—from global manufacturing giants and construction leaders to high-growth e-commerce enterprises. We have earned the trust of these organizations by consistently delivering on the 'impossible,' providing a stable backbone for their supply chains even in the most volatile market conditions. By deeply integrating our assets and expertise with our clients' business goals, we create a synergy that drives mutual growth and operational excellence.
